

Habitat Work Day Information Packet

Thanks for volunteering to work on the Habitat house. We will be building for the Scheitlin family. The family bio is at the end of this packet.

REGISTER AND SIGN UP FOR WORKDAYS

This year, you must register and sign up online to be able to work on the house. Step by step instructions for doing this are listed farther down this packet. Here are some items to keep in mind:

- There are no paper waiver forms. The waiver is a box you check off when you register online.
- Reserved volunteer spots are released 24 hours prior to the start of the build. If you have not registered by end of day Thursday prior to the Saturday you want to work, spots will be released to the waitlist and then will become open to general registrations. So, please register by EOD Thursday if you wish to be guaranteed your reserved spot

START/FINISH TIME: The start time is 9:00, but arrive as early as 8:30 if you would like breakfast. The work day will conclude at 3:00.

DIRECTIONS AND PARKING: See farther down in this packet for the directions to the site and parking.

DRESS: Wear work boots or sturdy gym shoes; jeans or work clothes that you don't mind getting dirty. Bring a hat and wear sunscreen. Loose fitting clothing should be avoided because they can catch on ladders or tools.

WHAT DO YOU BRING?: Bring work gloves, hammer, measuring tape, pencil, tool belt and nail apron if you have them. Put your name on anything you want to be sure to get back. Some tools will be available there, but if you have your own, it saves you from the possibility of there not being enough to go around. Breakfast will be provided starting at 8:30. Lunch will be provided around 12 noon. Water will be available during the day at the site.

BE SAFETY CONSCIOUS!! If you ever have safety questions concerning a task assigned to you, please talk to the house leader or a crew leader. Look before you hammer! Being accidentally hit or hitting someone else with a hammer can be avoided if we are aware of those around us. Only lift loads that you feel comfortable with and use your legs instead of your back. With so many volunteers on site, there are always enough hands to help out. Drink plenty of fluids throughout the day. If you have waited until you are actually thirsty, it is too late! Be aware of your body's response to high humidity and heat. Do not overwork yourself and rest as needed.

CANCELLATIONS: If the weather is so bad that you don't want to work, don't go. Otherwise, if it is unpleasant but tolerable, work will be going on.

Lutheran Coalition Registration and Sign Up for Kemp Drive Build

Initial Registration for Volunteers with Reservations

1. Click the link provided to you by your coordinator: <http://cerv.is/m?0251rlutherancoalition>

Parking will be at Oak Grove School as indicated on the map below. There is no parking at the build site.

Below is a map of the site. Please use your preferred mapping application to get specific directions to the location. Click [here](#) for Google Maps directions.

The Scheitlin Family

Growing up in a military family, Angela Scheitlin lived in all four corners of the United States. Eventually, her parents settled in Cherokee County, Georgia. Angela went to college, married and had two wonderful kids. In 2009 she became a single mom which brought new adventures and challenges. She went from stay at home mom to single mom & employee working hard to pay bills and care for her two kids with medical challenges. Today she works a part time job due to her kids increased health needs.

William (9 years old) has Celiac disease (an autoimmune disorder in which his body rejects gluten), food allergies (that require an epi pen) and environmental allergies. William is a great kid and a straight A student who loves math, science, robotics, fishing, everything Pokemon, laughing, telling jokes and helping others. He has a beautiful heart to care for those that may feel left out.

Zoey (8 years old) has had chronic pneumonia and health complications since birth. She has Bronchial Malacia, asthma and other undiagnosed symptoms that cause her to have high fevers for weeks, swollen painful lymph nodes, body aches, over inflammation, etc. A team of doctors at Children's Healthcare of Atlanta & Scottish Rite are working on a diagnosis. She makes everyone smile and loves running, playing outside, going to school, animals, art, dancing, singing, writing stories, sewing quilts with her Nana and playing board games with her family. When she is sick she always thanks everyone who is trying to make her better.

Angela truly enjoys working at The Home Depot but is limited to part-time work due to Zoey's chronic health issues and the many doctor's appointments she must take her to while they work towards a diagnosis. She has worked very hard to provide for her family. Her motto to every challenge is: "With God's help, I got this!" When everyone is healthy, they attend North Metro Church.
